## FORWARD

This year book portrays in its pages the joys and disappointments ordinarily experienced in a year of school.

As a ship at sea grows small to us after it launches upon the waters, so our grammar school days will grow dim as we launch upon the sea of life.

With the facts the teachers and staff of Hickory flat's first year book has made an effort to preserve in picture and print the life of this school-year. May it serve to keep alive the memory of friends and the loyal spirit of Hickory Flat School for many years to come.
